Why Hampshire?

Bordering Dorset, Wiltshire, Berkshire, Surrey and West Sussex, Hampshire boasts 1,400 square miles of stunning coastline, beautiful countryside and exciting urban culture. From the rolling green hills of the South Downs National Park in the east, to the pebbled shores of the Solent in the south, the county is diverse and unlike any other.

Hampshire's excellent transport links make it extremely accessible from other parts of the country. Within easy commuting distance of London, the region benefits from excellent rail networks, motorways, busy commercial ports and two airports. It is also the only place in the country accessible to the Isle of Wight by ferry.

Whether you are searching for a rural retreat or the convenience of a city centre location, there are plenty of venue choices to suit your business needs. From quality hotels to barn conversions and state-of-the-art museum space, Hampshire Conference Bureau have everything you need to know about organising an event in the county. Learn more about the region's individual areas, along with venue searches, across the following pages.

It's easier to get to Hampshire from London Heathrow than it is to get to central London

Southampton

- Cruise capital of Europe
- Some of the best medieval walls in the country
- One of the greenest cities in Europe
- Premiership Football Club: The Saints

Southampton is one of the leading ports in Europe and it's also Hampshire's leading maritime city. It is a thriving convention and conference destination and has had a growth of new conference facilities over recent years. Its exciting venues include cruise terminals, a cricket ground, hotels (including the Jury's Inn and Hilton Hotel brands) and the O2 Guildhall.

The city's location and transport links, including an international airport, make it a desirable place to hold a conference or event. The city centre is just a short walk from the train station or a twenty minute taxi ride from the airport. Motorway access is located a further ten minutes outside of central Southampton.

The city centre is compact, making it easy for visitors to explore the vibrant nightlife, delicious restaurants and West End theatre shows, which take place on a nightly basis.

Portsmouth

Portsmouth is the UK's only island city and offers a wide selection of contemporary and unique conference and event venues, all within easy reach of the city centre. There is an excellent choice of large hotel chains for delegates including well-known names such as the Marriott, Holiday Inn, Premier Inn and Best Western Hotels.

Once in the city explore 800 years of maritime history at Portsmouth Historic Dockyard, including HMS Victory, Mary Rose, HMS Warrior 1860 and the National Museum of the Royal Navy. Visit the nearby 170 metre tall Spinnaker Tower for breath taking panoramic views and Gunwharf Quays, home to over 95 premium designer shopping outlets and great food, drink and entertainment.

Along the waterfront in Southsea are unique independent shops and restaurants, wide open spaces, miles of beach and seafront attractions. Portsmouth has a great cultural scene and nightlife, including Portsmouth Guildhall and two theatres.

- Historic Dockyard steeped in history
- Unique and unusual venues
- Great transport links
- Gunwharf Quays premium shopping outlet

New Forest

With its flat, open heathland, dense woodland, wild ponies and chocolate-box villages the New Forest is often described as one of the most beautiful parts of Hampshire. It allows visitors to 'get away from it all' with a series of unique, smaller venues for conferences and events.

The New Forest has many popular attractions, including the world famous Beaulieu National Motor Museum and Paultons Park, home of Peppa Pig World. Exbury Gardens sprawls an impressive 200 acres while across the river sits Buckler's Hard, an 18th century shipbuilding village.

This part of the county mixes rural tranquillity with roaring coastline, perfect for those looking for somewhere different to host their event. It also has a superb selection of accommodation from luxury hotels such as Chewton Glen and Rhinefield House to the smaller boutique venues including Montagu Arms.

- Boutique venues
- Easily accessible from M27
- Home to Beaulieu National Motor Museum
- Great team building activities

About Us Your gateway to a successful conference

Basingstoke & Farnborough

- A modern business location home to many well known brands
- A lively leisure scene
- Highly skilled and motivated workforce
- Fast links to London

Just 45 minutes from London, Basingstoke and the neighbouring town of Farnborough, are becoming increasingly popular places to host events. This is due to their wide choice of venues designed to meet the needs of any business event, highly skilled, dedicated workforce and excellent location.

Basingstoke has a lively leisure scene with over 150 places to eat and shop and top quality museums such as Milestones and Basing House. Nearby Highclere Castle has also become popular with visitors as it is the backdrop for TV drama Downton Abbey.

Farnborough is best known for its links to the aerospace industry and the world famous biennial Farnborough International Air Show. The event welcomes hundreds of trade exhibitors and the general public and it showcases impressive air displays from well-known brands such as Boeing and Airbus.

Andover & Test Valley

The picturesque region of Test Valley boasts winding chalk streams, rolling green hills and tranquil water meadows. It is great for those who enjoy outdoor activities such as cycling, fishing or walking. The miles of open countryside are a pleasure to discover either independently or in groups, and there are a fine selection of venues to host your corporate conference or event.

Test Valley has a rich heritage which can be seen in its historic market towns and villages, perfect for anyone wanting to plan an event away from the hustle and bustle of city life. This region is great for smaller conferences and events and visitors can escape from it all at the fine selection of boutique accommodation on offer.

Explore the sprawling Sir Harold Hillier Gardens or historic Mottisfont near Romsey, or come face to face with nature at the Hawk Conservancy Trust in Andover.

Romsey and Southern Test Valley is accessible via the M27 motorway. Andover lies on the A303 and is close to the A34 which connects Southampton to the Midlands. There are also several busy train stations with regular services to other parts of the country.

Petersfield, Alton & East Hampshire

The rolling green hills of east Hampshire were once the inspiration for novelist Jane Austen. This part of the county is very rural, speckled with pretty chocolate-box villages and quaint market towns.

At its centre sits the South Downs National Park, which stretches from Winchester through to Eastbourne in East Sussex. One of the country's newest National Parks, the South Downs is a haven for cyclists, horse-riders, walkers and runners.

Visitors can follow in the footsteps of Jane Austen with a visit to her former home in Chawton. Now an intimate museum, this quaint cottage showcases historical artefacts such as Jane's writing table and jewellery.

In the nearby village of Selborne, naturalist Gilbert White's house is open as a visitor attraction. Explore the impressive gardens, visit his study or browse the adjoining Oates Collection, dedicated to the explorers Frank and Lawrence Oates.

East Hampshire has two major mainline railway stations situated in the towns of Alton and Petersfield. The A3 road runs through east Hampshire, from Waterlooville through to Surrey providing a scenic route for those travelling by car.

Winchester & Central Hampshire

Winchester is the perfect English city nestled on the edge of the South Downs National Park. It is England's ancient capital and former seat of King Alfred the Great.

Winchester boasts ancient venues with modern facilities, from small intimate event space to conference venues for 600 people. With the city's award-winning hotels and restaurants, delegates will never be short of delicious dining options for evening relaxation.

If you are looking to accommodate all your delegates in one place the hotels within the area have the answer. For delegates wishing to stay somewhere slightly smaller, the city's bed and breakfast establishments will be only too happy to accommodate.

Conveniently served by 3 junctions of the M3 and accessible to those travelling from the north via the A34, Winchester couldn't be better placed.

2015 ENVIRONMENTAL POLICY ICON

Venues that have an Environmental Policy can now display the below symbol.

Hampshire is a beautiful county full of natural resources. The county already harnesses energy from geothermal rocks to provide power to many of Hampshire's businesses. This energy is sustainable and cost effective. We are committed to following this lead; our environmental policy recognises our need to minimise the impact the events industry has on the environment.

We strive to make continuous improvements. We recommend suppliers who have a good record for using recyclable materials, energy efficient machinery and sustainable products.

Most of our venues are committed to using local produce where possible. Our venue catering teams aim to source cheese, milk, ice-cream, meat, cider, greens and more from our fantastic local suppliers. For more information visit www.hampshirefare.co.uk

Fewer copies of this venue guide have been printed in 2015 and clients are encouraged to download it online at www.hampshireconferencebureau.co.uk

The city of Southampton is unique.

Below the city's ground are geothermal rocks which provide energy to some of the local retail outlets, businesses and venues. Geothermal power is cost effective, reliable, sustainable, and environmentally friendly.

Grand Café

Southampton

South Western House, Southampton, SO14 3AS

Map reference: 24

Grand Café is a stunning venue for any function or event.

The Grand Café is located within South Western House, a Grade II* listed building that is steeped in history. Once Southampton's grandest hotel, South Western House was used by first class passengers of the ill-fated Titanic and its history dates back to 1865. The former Wedgewood Ballroom of the old hotel is now home to a wonderfully unique bar, bistro, restaurant and magnificent function venue.

The Grand Café Restaurant is designed to be bursting with an eclectic mix of classic British styles and delightful flamboyance, offering an exciting dining area for any event or function complete with the original ballroom dance floor. The varied function menus are principally European and Mediterranean with every meal being cooked to order with great attention to detail using locally sourced fish, meats and other seasonal produce wherever possible.

Grand Café has hosted many successful large, and not so large, events including two historic Titanic Commemoration evenings when over 230 guests attended on both nights. Other major functions include a cricket benefit dinner for 220 guests, a special cricket lunch for 200 and several fashion shows including a catwalk. Sporting Lunches with Kevin Keegan, Lawrie McMenemy, Matt Le Tissier, Ron Atkinson and Graeme Souness have also been very successfully staged. The Ship Owners Association Ball is now an annual event as is the Sealine Dinner during Boat Show Week. St George's Day, Burns Supper and St Patrick's Day are always very popular and Beaujolais Day 2014 was attended by over 180 guests who enjoyed a 5 course French luncheon complete with accordionists. Grand Café can also offer unique informal 'Hot Bowl' buffet evenings that can accommodate up to 350 guests.
